

A natural born shaman, Wendi Morrison-Merritt CCT was an early initiate of TM (Transcendental Meditation a form of Hinduism) in her childhood home of Hawaii circa 1969. Wendi was writing songs and performing for audiences by the age of 12, along with lead roles in musical theater productions. She also began her earliest experiences with inter-dimensionality through a traumatic experience at age 4. Her foundation as a *Indigo, Vegan/Lyran Starseed/Yellow Overtone Warrior/Activation Portal/ Gridkeeper* was developed through an eclectic study emphasis. With a special attention to propaganda and programming, Wendi has a stellium of Virgo in the 12th house of her birth chart giving her extraordinary abilities to perceive all things hidden, subconscious and inter-dimensional. A targeted mkultra through an mkultra mother, she overrode the programming and has spent over 30 years sharing the insight in her music, poetry and songs.

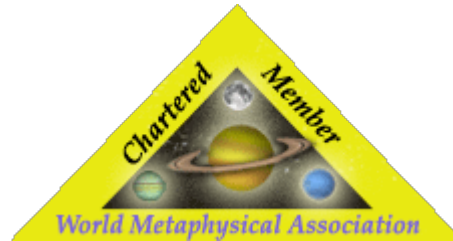

A graduate of *World Healing Energy Institute of Arts & Sciences: Louahn Lowe 04-06*; the Arcturian instructed: *New Era Institute 94-2000*: Wendy Sola Danner; Certified Crystal Therapist: Ashley Leavy's Love & Light and Sound Healing: Jonathan Goldman along with courses in Ethics, Spiritual Leadership and Energy Psychology at Energy Medicine University. Wendi practices what she calls "Radical Healing" specializing in energy parasite removal, soul retrieval, essence alignment, D.N.A./R.N.A. activation and chakra balancing. Infusing Jungian Psychology, Alchemy and Quantum Physics with Crystal Sound Healing using Solfeggio Frequencies, Mayan Human Design, Human Origins, Astrology and Tarot practices; added to clairaudient and empathic skills, Wendi is able to reach beyond the standard Chakra Balancing, with an acute understanding of energy and how it affects every part of our being. Distance Healing, Akashic Record retrieval and Shamanic Detox Journeys are also areas of experience including the Paranormal. Ordained Minister, Church of Spiritual Humanism; member of *The Society for Shamanic Practitioners, Sound Healers Association and the World Metaphysical Association*.

From our own electrical circuitry and how it's being impacted by the influx of cosmic rays, to energy parasites that ride in on our energy and siphon our life force; infecting us with their negative attitudes and impulses, this is where most dis-ease begins.

The vital importance of energy removal in the evolutionary process of aligning with our essence; retrieving the soul from a lifetime of enslaved programming and activating dormant D.N.A./R.N.A. strands, will ultimately elevate humanity's frequency from a 3D reality to the multi-dimensional one the Creator intended.

Founded in 1986, the Multidisciplinary Association for Psychedelic Studies (MAPS) is a 501(c)(3) non-profit research and educational organization that develops medical, legal, and cultural contexts for people to benefit from the careful uses of psychedelics and marijuana.

MAPS furthers its mission by:

- Developing psychedelics and marijuana into prescription medicines
- Training therapists and working to establish a network of treatment centers
- Supporting scientific research into spirituality, creativity, and neuroscience
- Educating the public honestly about the risks and benefits of psychedelics and marijuana.
- MAPS envisions a world where psychedelics and marijuana are safely and legally available for beneficial uses, and where research is governed by rigorous scientific evaluation of their risks and benefits
- *Transparency* — Information is shared openly and clearly. Communications are respectful, honest, and forthright.
- *Passion and Perseverance* — We persist in the face of challenges. We have a sense of urgency about our work, and know that it's a long-term effort.
- *Intelligent Risk* — Our decisions are informed by research. We try new things and learn from our mistakes.
- *Trust and Accountability* — We value integrity and honesty, and embrace high standards.
